Mike and Will are having some secret alone time one day in Will's room when Dustin suddenly decides to call a party meeting over the radio.

What's that noise?

Author's Note:

Why are all my fics about secret relationship Byler?
Lol

"Faster Mike," Will moaned out.

Whether this request was possible or not was debatable seeing as Mike was already pounding Wills ass at a breakneck pace. The pair were in Wills room making use of a free weekend, Will was glad that he had bought some sound proofing for his room a few months ago seeing as they were both very loud. They had been dating in secret for nearly 3 years seeing as the people of Hawkins were very homophobic. They hadn't even told the party, for all they knew the only relationships either had been in was when Mike dated El briefly.

Mike broke up with El after realising that he didn't like girls and was only dating her because society told him he should. He also discovered he was in love with Will who was very glad that Mike was now interested in him instead of his sister. It didn't take long for them to get together but neither was comfortable with anyone knowing they were gay. They knew that Wills parents and the party weren't homophobic but it was still a conversation they wished to avoid as long as they could. For now they were content with just having Mike's cock in Wills ass or vice versa as often as possible.

"Your so tight baby," Mike purred, "feel so good around my cock."

Mike just kept pounding Will as fast as possible, they were on Wills bed completely naked with Will on all fours and Mike behind him. Mike holding on tight to Wills hips as he thrust back and forth very fast trying hard to hit Wills prostrate with every thrust and usually succeeding. Will was in ecstasy as he usually was when Mike pounds him with his large cock. He could happily spend the rest of his life with his boyfriends' cock inside of him.

"I'm calling a party meeting is everyone there? Over," Dustin's voice buzzed through the radio on Will's desk. The two on the bed paused

their movements instantly, turning to look at each other with wide eyes in shock at the interruption, Will ignoring the urge to moan at how Mike's cock was still pressed up against his prostate. This was bad timing for a meeting, how on earth were they meant to explain why Mike was secretly in Wills room whilst El was in the same house.

"I'm here, over," Lucas responded.

"Present, over," El said cheerfully, obviously still excited about using her new radio.

"I'm listening but I'm still not saying over," Max grumbled.

A few beats passed with Mike and Will still silently deciding how to respond by staring at each other but Dustin broke the silence, "Mike, Will are you there? Over."

"Wills in his room, I will go check on him, over," El says with sounds of movement echoing through the radio.

"Answer it quickly," Mike hissed in a panicked voice, the door was locked but Jane still had telekinesis after all even if her void seeing powers were gone. Even if the party did know about them they still wouldn't want to be walked in on.

Will quickly grabbed the radio from the bedside table groaning at Mike's cock moving inside of him but not pulling off it. He pressed down the talk button and panted out "I'm here, sorry just dropped my radio, over." Trying very hard not to sound like he was in the middle of having sex.

"Alright so that leaves Mike, has anyone seen him? Over," Dustin says.

4 voices respond no, Will trying not to sound like he was lying as he wasn't good at it despite doing it all the time for the last 3 years. It didn't help that Mike had decided to start kissing his neck at that very moment. The other 4 party members quickly descended into a discussion about where Mike could be whilst the pair in the bedroom had their own discussion.

"This is isn't a good time for kissing," Will groans from the pleasure

Mike was giving him.

"It's always a good time for kissing," Mike retorts playfully, removing his lips from Wills neck to give the brunette a cheeky smile.

"What should we do?" Will whispered despite there being no need to.

"You know it would be hot if I kept fucking you whilst you tried to have a conversation," Mike giggled.

"That's a terrible idea, what if they catch us?" Will responded with an exasperated look.

"Well so what? We were nearly ready to tell them anyways," Mike reasoned.

Will debated with himself for about half a minute trying to ignore Mike's pleading look before nodding hesitantly giving in to his gorgeous boyfriends request, "Fine but go slowly," Will sighed.

"Of course, cutie," Mike lied, before starting to thrust inside Will slowly, starting at a much gentler pace than a few moments ago. This slight movement in Wills already well used hole made him moan loudly making Mike smirk. Will had no idea how he was going to be able to talk normally like this, he would just have to say as little as possible, shouldn't be too hard, he does that anyway. He gripped his radio hard making sure not to accidentally hit the talk button as he moaned, waiting for when he needed to talk.

"Well, we will just have to start without Mike, over," Lucas grumbled.

"Fine, over," Dustin sighed.

"So, what did you want to talk to us about Dustin?" Max asked curiously.

"Ok, so you know Lucy, right? Over" Dustin said excitedly.

"Yeah, the girl you've been crushing on for months, over," El giggled as the other 2 joined her, Will didn't as he was busy getting nailed.

"Yup that Lucy, over," Dustin giggles along with them.

"So, what about her?" Max asked.

"She asked me out, over," Dustin yelps excitedly.

"Dustin! That's great! over," El squeals.

"Congrats man, does this mean you can stop staring at her every lunch break now? Over," Lucas chuckles.

"Ignore my stalker boyfriend this is great news, now we just need to get El, Mike and Will with someone." Max giggles, Mike and Will exchange looks and start giggling themselves, all whilst Mike keeps on thrusting.

"I don't know about me and Mike but Clara has been eyeing Will for weeks, over," El giggled. 'Fuck' Will thinks to himself, he has to answer now, Mike seems to realise this too as he starts kissing Will's neck again giggling slightly into it.

"What do you ah mean? over," Will asked quickly, he had to stifle a moan in the middle of his sentence because Mike gives a much faster singular thrust into him. He glares at Mike who just shrugs whilst grinning at him and returning to a slow pace. Will now realises this was Mike's plan all along but he didn't have time to complain as the conversation was now somehow suddenly about him.

"I was thinking the exact same thing," Max laughed, "she is totally into you."

"Ok? So, ugh what? I'm not inter-ah-ested, over," Will stutters out as Mike starts ploughing his ass again full speed momentarily.

"What do you mean you're not interested dude? You've been rejecting girls all year, why are you so against having a girlfriend? Over" Lucas questioned, whilst Will thinks about murdering all his friends for having this conversation now.

"I'm just ugh not ready ah for a relationship um, over," Will groaned trying to ignore the distraction from behind.

"What the hell does that mean man? Have you even had your first kiss? Over," Lucas grumbled, Will glanced back at Mike who frowned and shrugged, neither were sure how best to answer as Will had only ever kissed Mike.

"That's ugh none of your ah business, uh can we ah go back to uh talking about ugh Dustin, over," Will replied through gritted teeth as Mike fucked him relentlessly.

"Thank you Will! Now can I tell you abo-" Dustin started.

"Sorry, but at this moment I don't care Dustin as I'm distracted by the strange noises Will keeps making." Max interrupted, as Will looks at Mike with widened eyes but Mike seems more amused.

"What ugh do you mean? Fuck, over" Will responded, Mike cutting him off slightly with a particularly hard thrust to his prostate, which prompted Will to flip him off and glare at him whilst Mike chuckles.

"Are you all right Will, over," El asked concerned, she doesn't seem to understand what Max is getting at but Will guesses from the giggles from the other 3 they had figured it out.

"Yeah, Will is little Will ok? Over," Lucas says outright, Will was surprised he was so direct.

"I am not uh jacking off ah, over," Will replies very unconvincingly, despite what he said being true.

"Then explain why you sound like you're having sex?" Max retorted.

"Oh my God. This is why you've been rejecting girls, it's because you already have a girlfriend, why didn't you tell us man? Over" Lucas complained, whilst Will was once again left scrambling for what to say.

"I wouldn't of ugh had to tell you anything ah if this moron didn't uh decide to keep going fuck, over," Will grumbled, glaring at Mike who grinned helpfully.

"Well, aren't you going to introduce us to her? Over," Dustin asked.

"You already ugh know them, take ah a wild guess ah, over" Will sighed.

"How are we meant to know? you've never shown interest in any girl ever, over," Lucas complained.

"I could just blast open your door Will, over," El said quietly, 'fuck' Will thinks again and glances at Mike who also looks panicked, he obviously doesn't want his ex-girlfriend seeing this.

"Please ugh don't do that ah, I will describe them shit and you can ah figure it out yourself, over," Will panted out. Mike seemed to decide it wasn't worth it anymore to slow down so he just kept at the same fast pace slamming his hips into Wills ass.

"Fine but if you're lying, I will come and beat your ass," Max fired back which caused both boys to chuckle seeing as what Max was threatening was already happening in a very different way.

"Ok, ah so they have black ugh curly hair, dark ah eyes and they ah like D&D and comic ugh books, over," Will said mysteriously.

"How has Will managed to find the female version of Mike to date? Over" Lucas laughed through the radio. The other 3 stayed silent as Lucas said this though as if trying to figure something out.

"Will, I'm going to ask this in the nicest way possible. Are you queer? Over," Dustin asked hesitantly, Will was honestly surprised they got it so quickly.

"Took you ah long enough but the ah preferred term ugh is gay, ugh over," Will replied chuckling.

"So, who are you dating?" Max asked though she probably suspected the answer.

"Well, I ugh will let him ah introduce himself um, over," Will grunted, passing the radio to Mike who still didn't stop pounding away.

"Hey guys, sorry I'm late, was busy having sex with my boyfriend, over," Mike casually said sounding remarkably cheerful.

“So, you’ve been together this whole time? How long? Over,” Lucas asked after half a minute of silence, their friends clearly paralyzed by shock.

“Nearly three years, why do you think I really broke up with El over,” Mike replies somehow casually.

“Friends don’t lie, over, ” El responded in a disappointed voice.

“I’m sorry El, but it’s not the easiest thing to talk about, over,” Mike says apologetically. Will had no idea how Mike wasn’t moaning much, due to how fast he was still slamming Wills ass.

“That wasn’t how I expected this meeting to go, but I’m happy for you two over,” Dustin says. The rest of their friends echoed Dustin’s words and the pair were momentarily relieved and happy before someone decided to bring up the question all straight people feel the need to ask.

“So who’s the girl?” Lucas asks and Will and Mike instantly exchanged annoyed glances, Will struggling slightly due to the speed his ass was being ploughed.

“The point of this relationship is that neither of us are girls dumbass, that’s an offensive question so I’m no longer in the mood to talk to you lot until we are finished, so have fun, Mike out,” Mike replied angrily before slamming down the antenna of Wills radio turning it off and putting it back on Wills bedside table.

“That ah was a bit of an ugh overreaction,” Will commented despite feeling the exact same way.

“Maybe, but it was irritating, especially when I was busy fucking the most gorgeous boy on the planet.” Mike said huskily, causing Will to shiver in pride but also hardening his resolve to put an idea of his into action. So with Mike distracted with complimenting how good Wills ass felt, Will quickly turned around and was able to flip them over so now Will was sitting on Mikes lap facing him. Though he was careful to make sure Mikes member stayed buried deep in his ass, Mike squawked at the sudden change in position but Will ignored him.

“After putting me through that I want to be on top and in control,” Will says grinning mischievously, “you will be doing the work still though, I don’t want to have to move much.”

“As long as I still get to drill your tight ass,” Mike replies with a sexy smile. Will didn’t get a chance to reply before Mike was suddenly thrusting upwards again, Will so loved the feeling of being filled by Mikes cock. He moaned loudly as Mike resumed his brutal pace of slamming Wills asshole, Mike giving lots of praise and encouragement as usual. Will was lost in the pleasure of Mikes balls slapping his ass, his hole was already well used, they had been fucking for quite a while already when the Dustin called the meeting.

Will was quite happy for it to continue as long as possible though, Will didn’t feel much pain they had been doing this for months now but the nerves of his asshole were still very much receptive to the pleasure. Mike held Wills hips hard as he guided his shaft into Will over and over again, they weren’t going to last much longer. Will could already feel the knot in his stomach tightening and judging by the increasing erraticism of Mikes thrust he was feeling the same sensation. The pair had stopped using condoms in every session a while ago as they were sure that neither of them were carrying anything at this point.

“Mike I’m ugh going to come,” Will moaned out.

“Me too babe, come on my chest baby boy,” Mike groaned leaning forward to plant a kiss on Wills lips before somehow thrusting even harder than before.

With one final hit to his prostate Will moaned loudly as he released ropes of white substance all over Mikes chest, Will could feel himself nearly pass out with pleasure as his asshole constricted around Mikes still fast moving dick. The additional tightness of Wills asshole seemed to send Mike over the edge too as suddenly Mike moaned out Wills name as he started filling Wills hole with his own spunk. Mike kept thrusting through his release pushing his sperm more into Wills guts until he ran out of energy and they both fell on each other panting.

Mike slowly pulled out of Will as his cock softened, the pair made out

for a few minutes as they regained their energy, Will enjoying the feeling of his boyfriends cum dripping out of his sensitive gaping hole. A few minutes passed and the two started disentangling themselves from each other, Will making Mike clean him up before they got dressed. The suggestion of another round didn't cross their minds, this had already been one of their longest sessions and they were both very aware El knew exactly what they were doing.

They considered themselves soulmates they knew everything about each other and as such had mastered the art of communicating silently. So without words they agreed to go face Wills telekinetic sister who just so happened to be Mikes ex-girlfriend. Will hesitantly fingered the doorknob before he unlocked his door and opened it and started to walk to the living room with Mike trailing behind him holding his hand. As they entered the living room their eyes met with big brown ones, they just stood there awkwardly for a second no one sure what to say.

"I don't mind you dating my ex-boyfriend Will but can you not have sex whilst I'm in the house in future?" El asked breaking the silence as the pair in the doorway nodded sheepishly. "I would give you both a hug but I think I'm going to wait a few hours," El said wrinkling up her nose slightly in disgust, the boys exchange looks then burst into laughter.

"Believe me El you have definitely hugged us both within an hour of having sex before," Will laughed, holding his stomach with how hard he was laughing. Despite the disgusted expression on El's face whilst she shook her head, the pair of laughing boys both knew she was happy for them as were the rest of the party. It wasn't how they intended to tell them about their relationship but it was certainly an original coming out story, one they wouldn't be forgetting anytime soon. They just hoped that it wouldn't be repeated with Joyce and Hopper.
